

Communicating with School & District Leaders

When students and parents have questions or concerns, it is important to maintain open communication. Many questions can be easily answered by the educator directly involved in the class or program before it becomes necessary to escalate the issue. One of the simplest ways to communicate is via email or a phone call. To help parents effectively ask questions or communicate concerns, we have developed a "chain of command" process. Oak Park Schools leadership and staff will adhere to the communication process outlined below and encourage families to use this process as a reference when initiating communications.

For a complete staff directory, please visit <https://www.oakparkschools.org/district/staff-directory/>. We are eager to cultivate positive partnerships with all Oak Park Schools parents and community members.
